Mission statement

Customer

Our customer is served quickly and treated in a friendly and competent manner. We are pioneers in service and sales.

Staff

We promote and develop the capabilities of our staff. In order to reach clearly defined targets, we allocate responsibility and open up the necessary scope.

Organisation

Our clearly structured, learning organisation is oriented to the future.

Products

Alber is a premium supplier in the sector of electromobility, delivering lightweight and intelligent drive systems. Our products are characterised by functionality and design. They offer a distinct added value.

Quality

Our products and services are of outstanding quality. Which clearly sets us apart from our competitors.

Company

Alber attaches value to fair and long-standing relationships based on transparency, dialogue and respect. With our conscious ecological and social behaviour, we consider sustainable corporate development to be of great importance.
