

Certificate in terms of air freight transportation

We hereby certify that the Lithiumion batteries used in our product

twion M24

are classified as **UN 3481** (LITHIUM ION BATTERIES CONTAINED IN EQUIPMENT) and are in compliance with the following regulations or special provisions of

IATA Section II of PI 967

and are therefore **NOT RESTRICTED**.

Condition precedent to meet the above listed requirements is adherence to all safety instructions specified in the user manual.

This certificate does not apply to damaged or defect batteries.

Due to the frequent amendments of the respective regulations, which partly occur on an annual basis this certificate is valid until **31st December 2014**.

Albstadt, 19th of December 2013
